OUR UNIQUE SPACES

Our goal is to build the best gyms, not the most gyms.
No two Playgrounds will ever look the same.

NEWTOWN TRAIN IN THE CLOUDS

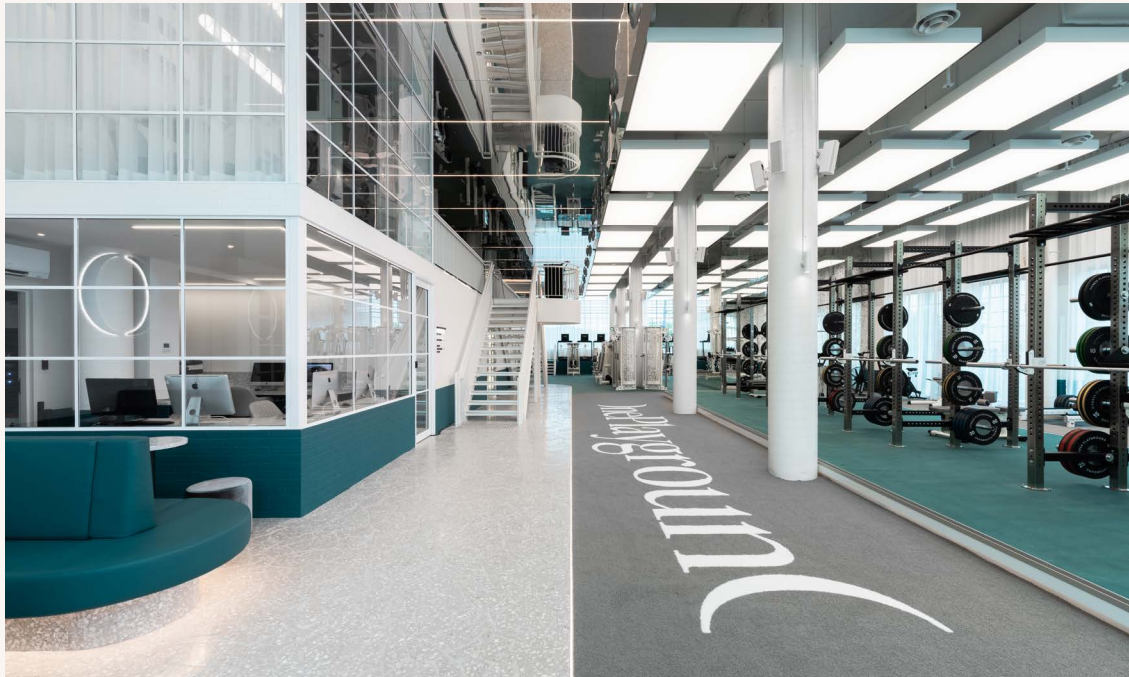

📍 Level 1, 672 King St, Newtown

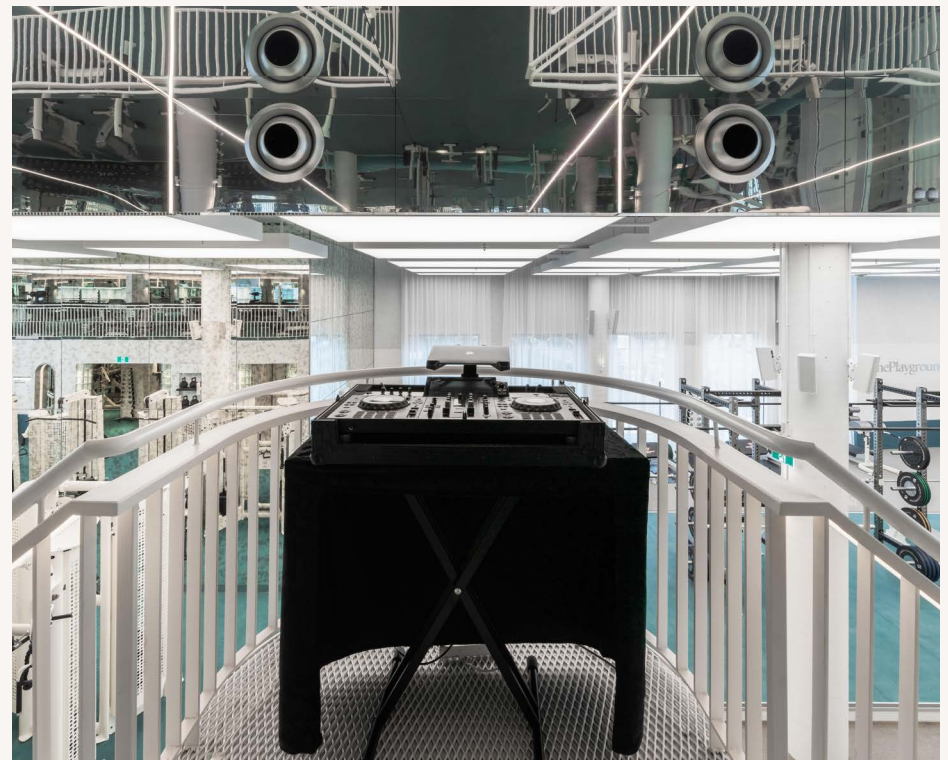

A Playground as unique as its community. Our latest concept is to “train in the clouds”. Detach from the world below and transcend into an environment that inspires you to elevate your training.

Antique mirrored ceilings above the mezzanine and grand columns pay homage to the building’s heritage while bringing a sense of sleek space. While in-ground LEDs illuminate the 40m running track.

A DJ booth sits at the junction of the custom-designed double staircase to the mezzanine. The music connects to a ceiling grid of lighting, so the whole space can literally move with the beat.

And that’s just level 1! Details about our top floor are still to come.

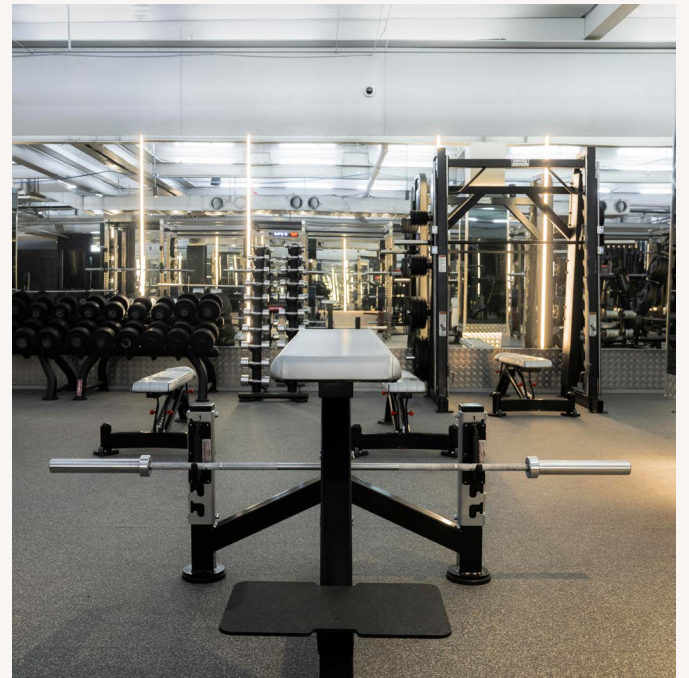

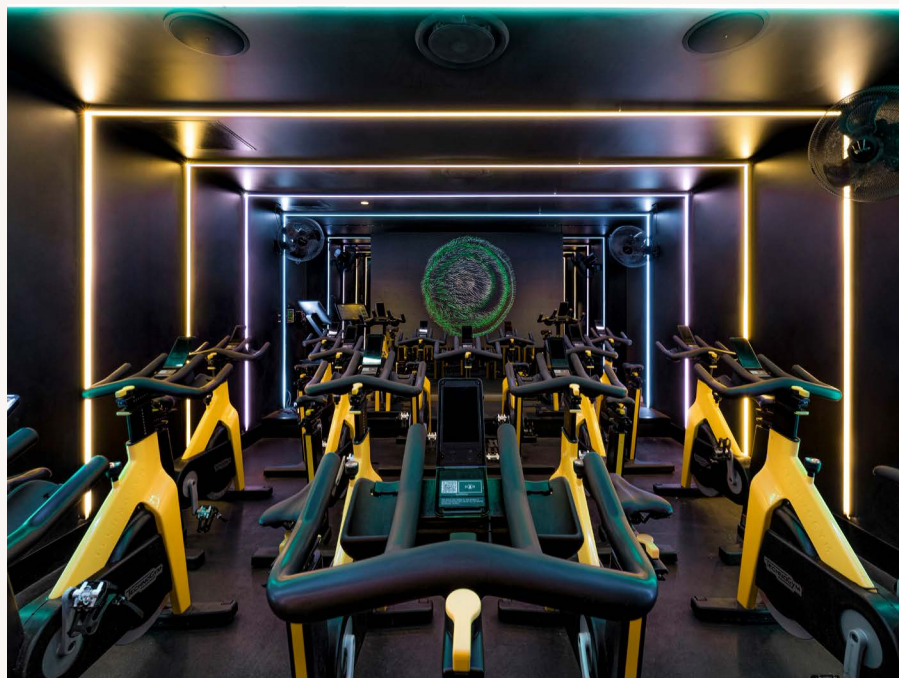

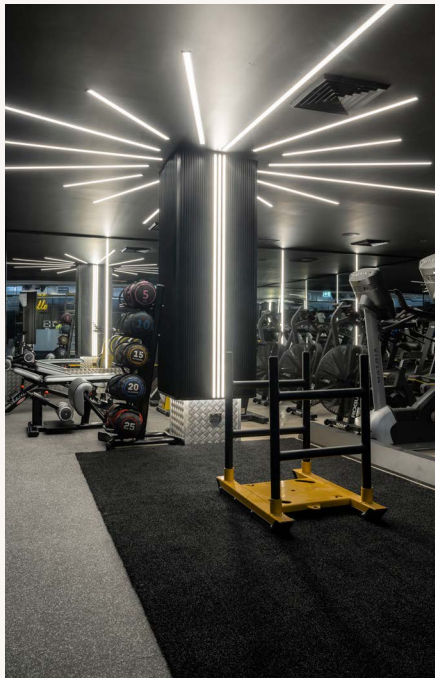

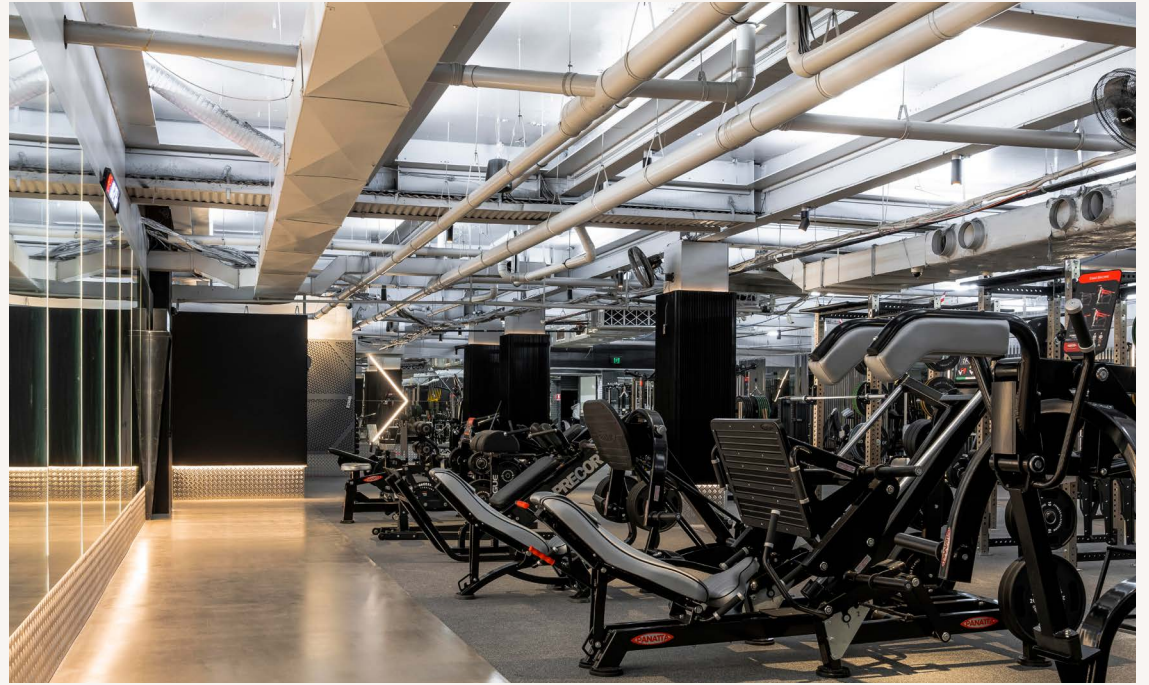

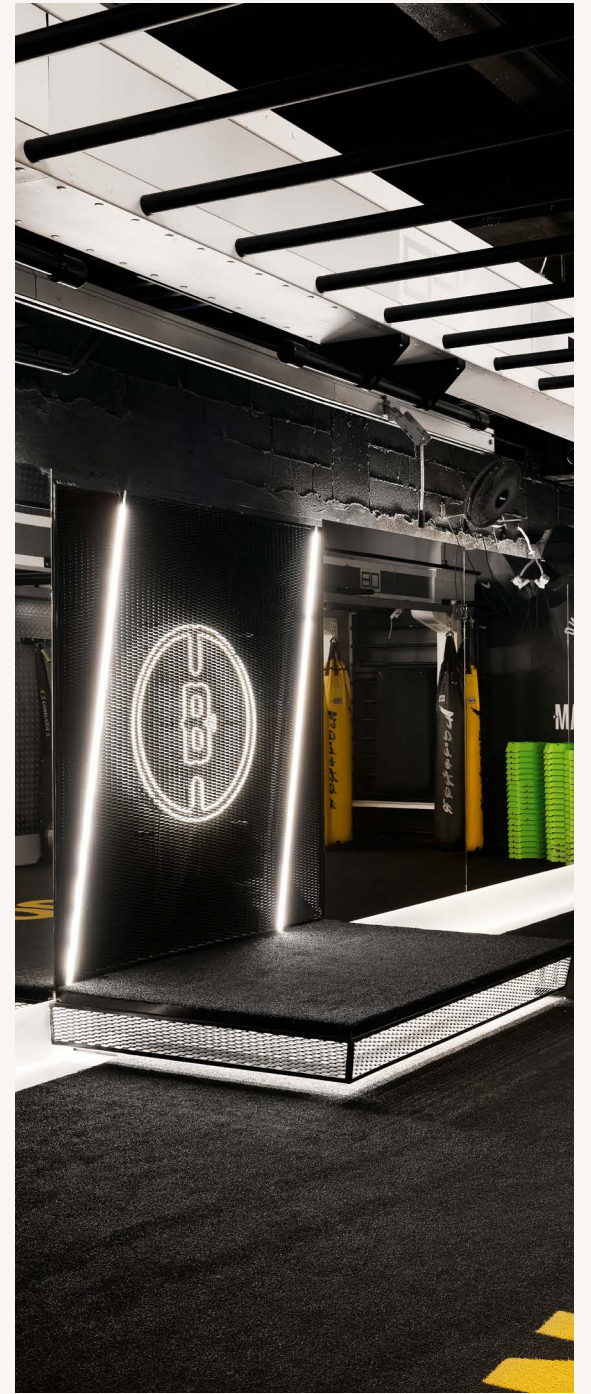

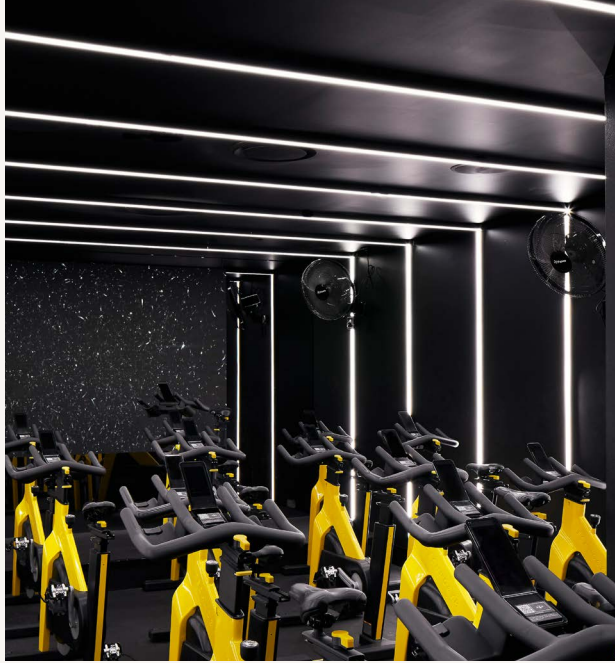

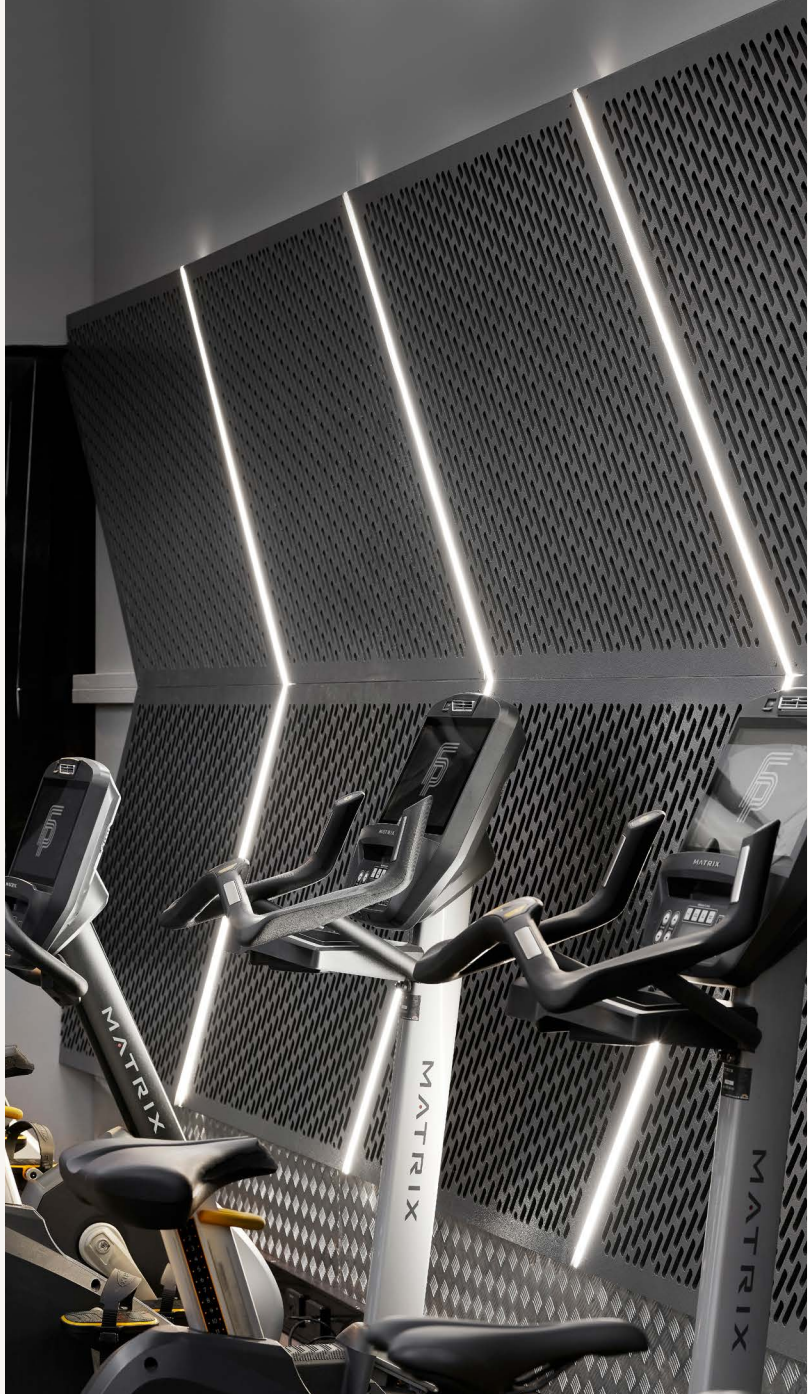

MARRICKVILLE VIBE:ENERGY

📍 Level 1, 258-272 Illawarra Rd, Marrickville

The high-intensity gym that fills the upstairs level of One Playground Marrickville features a huge range of state-of-the-art equipment, experiences that allow you to mix up your training, and expert coaches. There are 40+ cardio pieces, 19 pin-loaded weight machines, 3 Skillrows, 3 Skillmills and 2 SkiErgs. Plus 70sqm of dedicated rig space, 8 squat racks with platforms and speciality bars, and Strongman equipment. We also have a functional playground with monkey bars. And alongside the gym floor, you'll find our high-intensity group-training studios; SpinCity is our indoor cycling studio with TechnoGym equipment and pixel lighting that is powered by the riders. While The Battleground studio hosts all our HIIT and strength classes.

AWARDS OF EXCELLENCE

BOUTIQUE
OF THE YEAR

MARRICKVILLE WELLNESS

📍 GF, 258-272 Illawarra Rd, Marrickville

During COVID-19 lockdowns, One Playground recognised the increased importance of services that enhance not only physical health, but also mental wellness. So we designed our very first Wellness Playground, a super boutique that members can escape to daily for a range of experiences to enhance their wellbeing, whether they're craving me time or a social connection. The space features a naturally-lit reformer studio, unique yoga and mat pilates studio, neon-lit barre and dance studio, infrared saunas, wellness lounges for before and after classes, luxe bathrooms, cute creche and more. It's all part of One Playground Marrickville, with Wellness Playground located on the ground floor below the high-intensity gym. All accessible for one low membership rate.

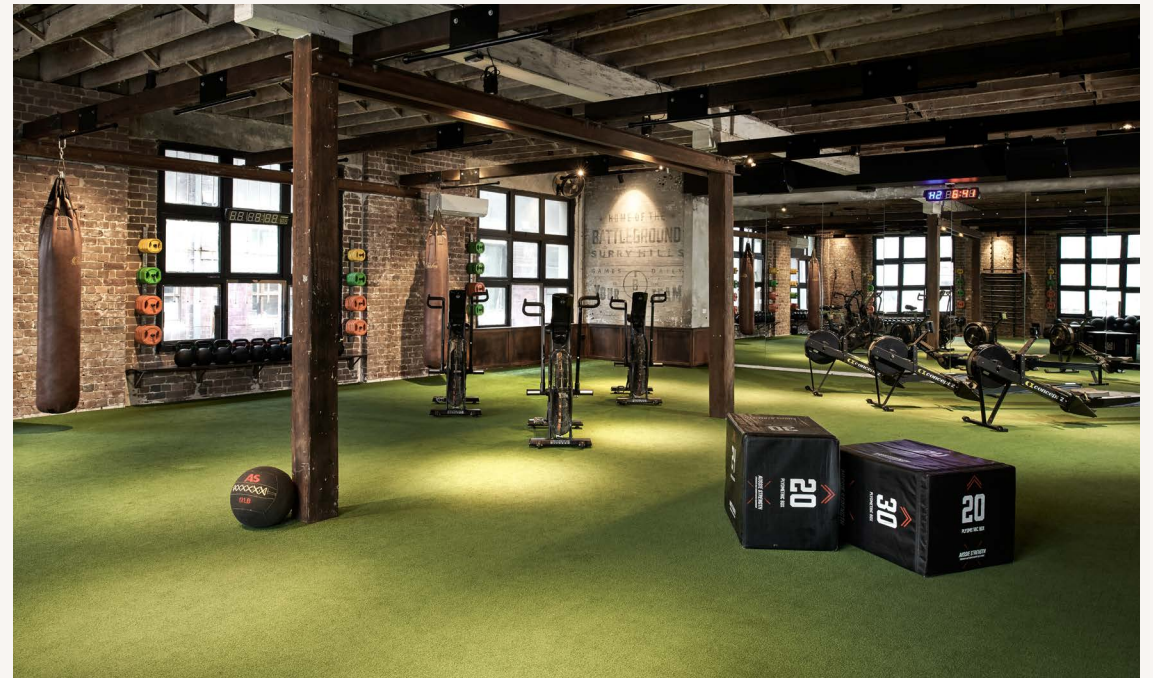

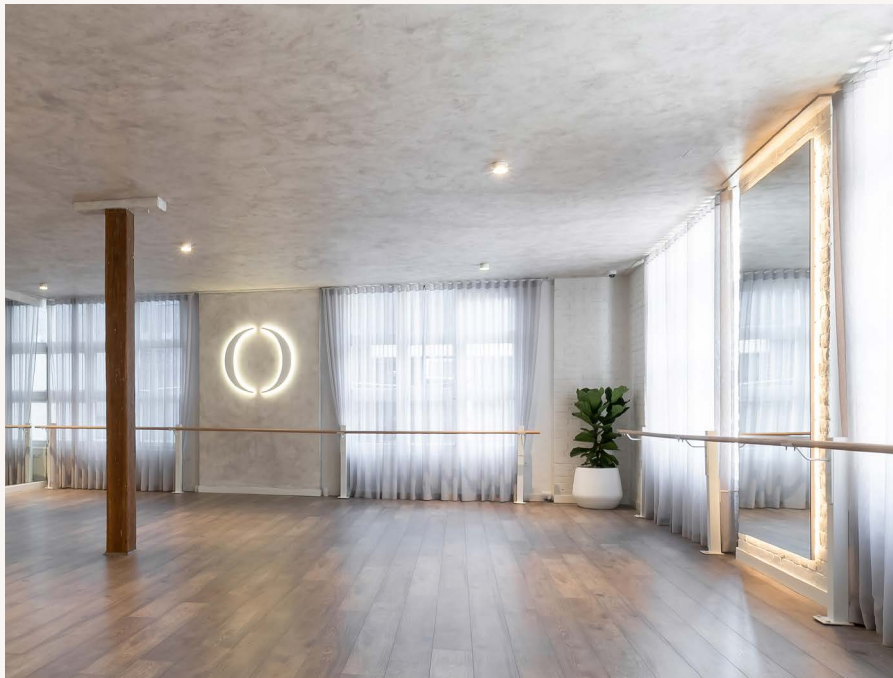

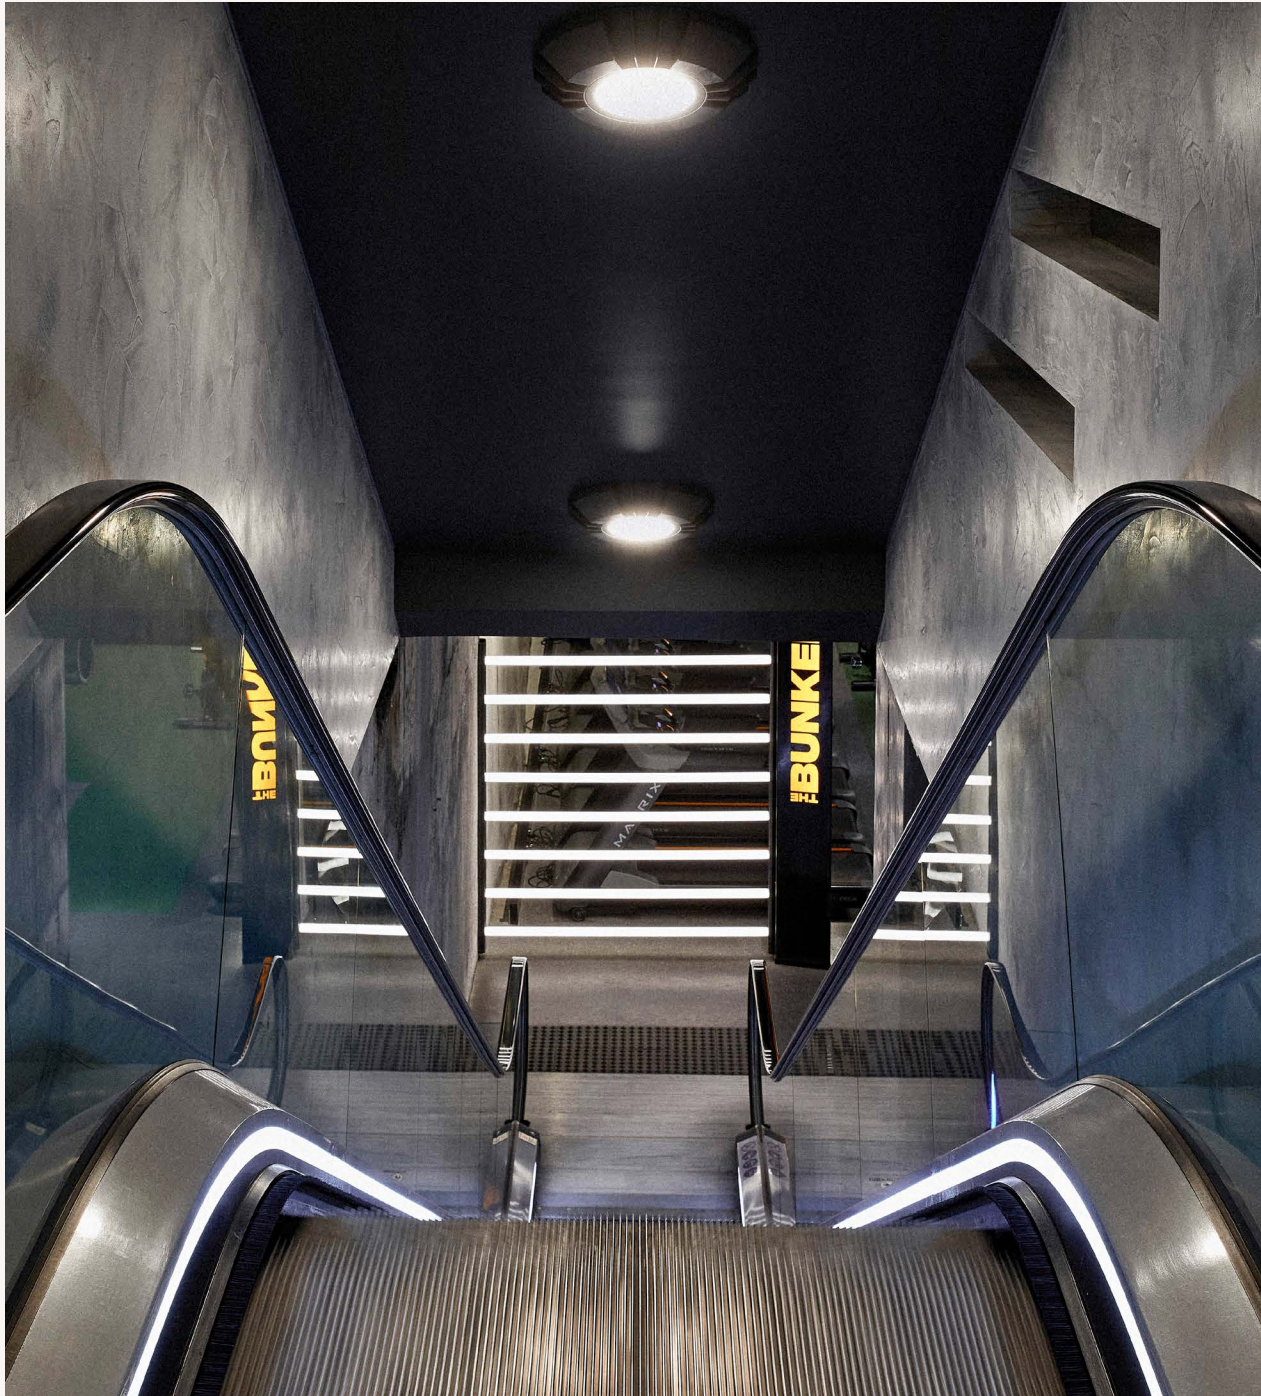

SURRY HILLS 1920'S VIBES

📍 429 Elizabeth St, Surry Hills, NSW 2010

Our original gym, created in 2014, has been built in a heritage site across three levels. It's received two major renovations since then, our latest look oozing old-world charm to suit the character of the 120-year-old building. This 24-hour gym features a fun and functional playground, dedicated free weights zone, olympic lifting platforms, state-of-the-art cardio equipment, open training spaces, and a foyer that makes members want to deadlift then follow with a cocktail. It also features The Battleground studio for HIIT and strength group-training sessions; and our New York-loft-like MindBody studio for yoga, pilates, barre, dance classes and more.

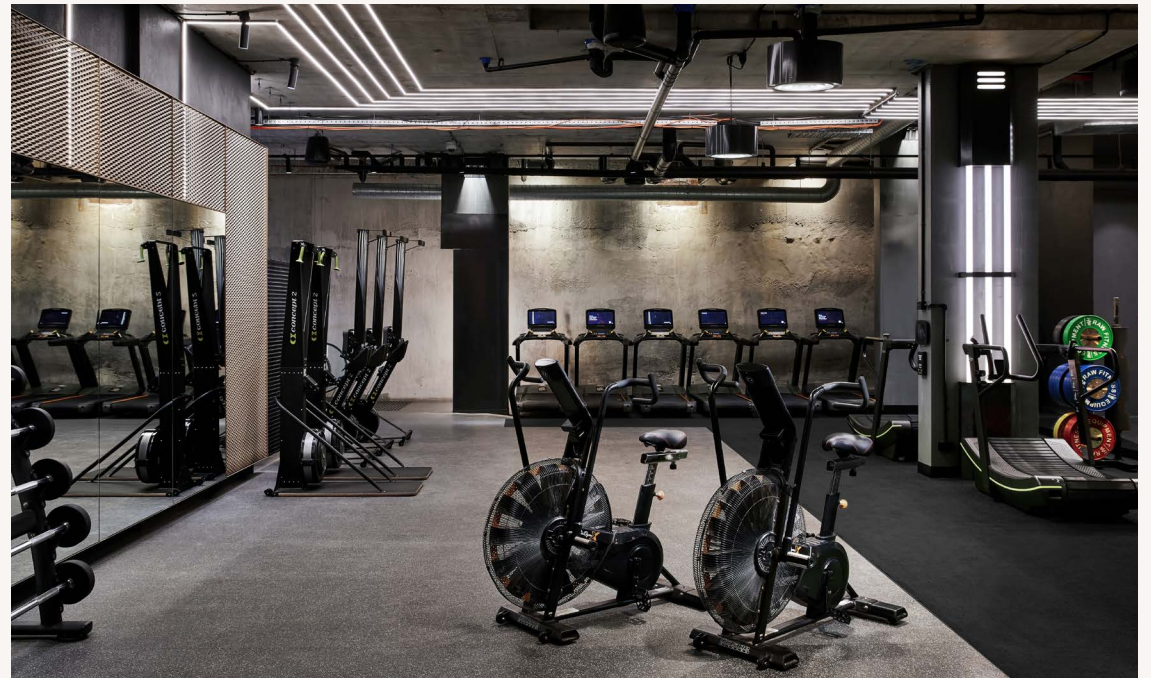

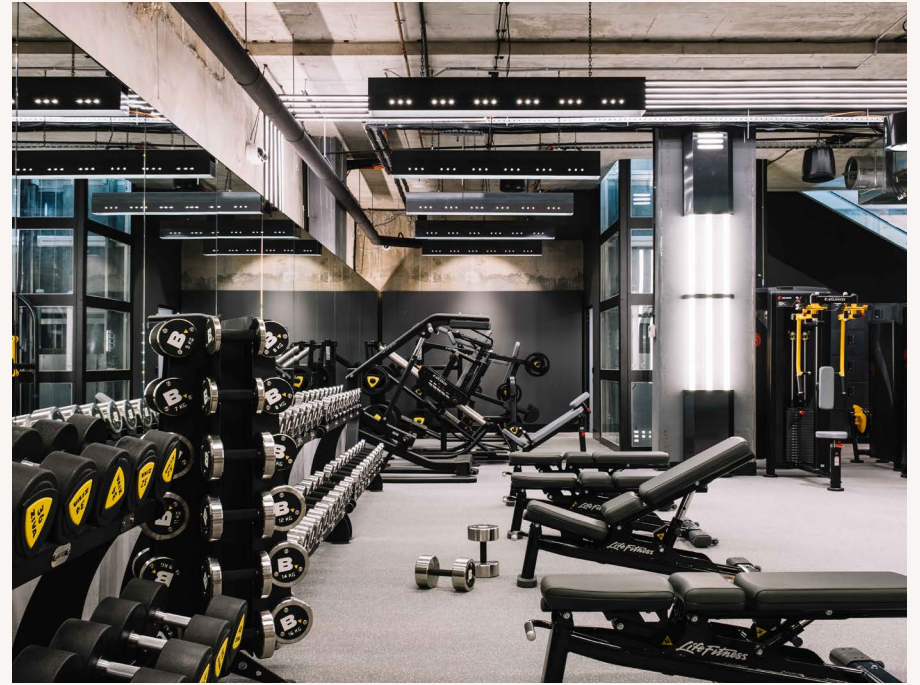

THE BUNKER ESCAPE

📍 69-81 Foveaux St, Surry Hills, NSW 2010

In 2017, an incredible underground space became available. Although it was just 400m from One Playground Surry Hills, we had to have it. We knew we had to create a really special space, a new brand, that would stand out and cater to a different type of member to that of the existing Surry Hills gym. With escalators into the big, underground concrete box – like a bunker – it lent itself to becoming an escape for busy, hard-working, hard-playing people who take their training seriously. The Bunker became One Playground's first adventure into experiential design, with everything from the lights to the sound system and equipment meticulously planned and sourced from around the world. It opened in 2018 to huge acclaim, being named Best Gym in Sydney by Men's Health magazine.

SPACES AVAILABLE TO HIRE

We have 10 studios available to hire for shoots & events. We can accommodate a range of class styles and capacities, each room with its own unique aesthetic. Discover our studios on the following pages.
